ABOUT US

After recognising the need for unpolluted, purifying and wholesome home cleans, and a passion for 'green cleaning' Holistic Hinch was born.

Inspired by the famous Mrs. Hinch, the Instagram sensation and British "cleanfluencer", Holistic Hinch's passion is in keeping things in tip-top condition, transforming homes and making life easier for their clients. We focus on domestic cleaning using products that not only clean effectively, but also disinfect, are non-toxic and have a great long-lasting fragrance.

We all take pride in maintaining a clean, healthy home, but often the thought of endless cleaning can leave you feeling overwhelmed. At Holistic Hinch our goal is to make your life easier by handling the cleaning for you. So, whether it's just a routine cleaning package you need, or something as specific as a pantry cleanout and repack, or a quick home reset before your guests arrive for a special dinner, we will tailor a package to suit your unique needs.

We have a team of dedicated cleaners who are handpicked from the best of the best, and are devoted to providing the highest level of service and care for your home.

REGULAR CLEANS

Holistic Hinchey offers the two Regular Cleaning packages **Basic** or **Premium**. Both packages can be weekly, fortnightly or monthly.

Before we commence with either of the regular packages, we complete what we call an First Time Clean (FTC). This clean is a thorough deep clean, or spring clean, and every corner of your home is covered. From windows, to skirting boards, to ovens and fridges, an FTC gives us a clean slate to start your regular clean from. In these cleans, a team of cleaners spend anywhere from 4 to 6 hours getting your home in tip-top shape!

PACKAGES

BASIC

Our Basic cleaning package covers all areas of your home, as well as a few extras done on a rotational basis.

Kitchen

- Wipe & sanitise all surfaces, tables, benches, cupboards & splashback
- Empty, disinfect & reline 1 x bin
- Clean & sanitise appliance exteriors (oven, microwave, fridge)

Bathrooms

- Clean, sanitise & disinfect bath, shower, basin, counter & toilet
- Mirrors

All Rooms

- Dust furniture & all surfaces (including windowsills, door frames & skirting boards)
- High dusting & cobweb maintenance
- Vacuum & mop floors
- Vacuum carpets & mats

Rotational Items

- Carpet & rug detailing
- Mould & grout maintenance
- Polish stainless steel (fixtures)
- Spot washing windows & maintenance
- Clean & tidy balcony/entertainment area (excl. BBQ grill)

With our Basic package we recommend scheduling a spring clean every six to eight months. This will restore your home to the same condition it was in after our First Time Clean.

While our regular cleaning service serves as essentially a maintenance service, these spring cleans are necessary to ensure your home remains in excellent condition. If you are renting, staying proactive with windows, oven and wall cleaning for example, can minimise your exit cleaning expenses.

These spring cleans only require a few additional hours, which will be added to your already scheduled Basic clean. They allow us the opportunity to fully refresh your home, focussing on hard-to-reach areas and areas that accumulate dirt and grime over time.

PACKAGES

PREMIUM

Our Premium cleaning package includes all items covered in our Basic clean as well as the rotational items, but the clean goes a little deeper.
